

H-RANGE ELECTRICAL ENCLOSURES

UNLOCK THE STRENGTH AND RESILIENCE OF HERCULES!

- Made from fiberglass-reinforced polyester material that is durable, lightweight, and self-extinguishing.
- Wide range of 8 sizes from 300x250mm to 800x600mm.
- IP66 dust and water resistance, IK-10 impact resistance, and a rainproof top make the H-Range ideal for outdoor use.

SAFE AND SECURE DOOR!

- Options for a door with a UV-stabilised transparent window for ease of interior visibility.
- Hinged door with metal-free hinges that allow for opening up to 180 degrees and tool-free assembly.
- Easily removable door which can be reversed and reattached as needed for convenient access and maintenance.
